Pickle, of Williamson, and a graduate of Furman University, who has been in the past two years pursuing a course of study in the University at Leipzig, Germany, has graduated, and called for home about the 1st of the present month. He will reach home about the 1st of September."

Rev. R. L. Harper, who was at one time pastor of the Methodist Church in this city, died at Iuka, Miss., last Sunday night. He recently went from Abbeville, S. C., to Mississippi on account of his declining health. He was about 40 years old, and was considered one of the finest preachers in the S. C. Conference. His many friends here regret to hear of his death.

Our young friend, Ham. Webb, who has just opened a stock of confectioneries, fancy groceries, &c., in the Masonic building, has presented us with samples of his leading cigar, "Little Ham," which is a favorite with every one who has tried them. The cigars are made expressly for him, the boxes having a picture of himself, when only four years old, upon its end.

The Presbyterian congregation has granted its pastor, Dr. Peterson, a vacation of several weeks. He will take advantage of it and visit the Buffalo Lyons Springs, Virginia, where he spent the greater portion of last summer, and which proved so beneficial to his health. He will leave the latter part of this week, stopping over at Seneca City, where he will assist the pastor of the Presbyterian Church of that town in conducting Communion services next Sunday.

List of letters remaining in the Post-office for the week ending August 19th: Mack Anderson, Catharine Beaks, J. W. Farr, Dr. F. L. Green, J. P. Galliard, Mary Gray, Mary Hall, Toby Jenkins, Lewis & Co., J. O. McGee, J. L. Martin, Julia Ralva, Jno. A. Seaborn, Miss Satterfield, Miss Sallie Williams, J. H. Winstock, Maria Ann Watson, Oliver Wilson (col.).

A certain young man of our acquaintance recently called on a young lady. During the visit he pulled out his elegant gold watch several times to see the time. The young lady apparently did not notice his watch, and the last time he took it out of his pocket he remarked that he had been offered \$100.00 for it, but did not know whether he would sell it or not. "Perhaps in an hour-loom," remarked the young lady. "No, sir," replied the young man, "it's a patent lever."

The next Union Meeting, District No. 1, Saluda Association, will be held with Mt. Bethel Church on Saturday, the 30th inst. Introductory sermon will be preached by Rev. H. M. Allen; Missionary sermon by Rev. J. S. Murray. Query for discussion: "What is the best means of developing the Missionary spirit in our young membership?" Opened by J. W. McGee; alternate, T. L. Shirley. The Sunday School Union will meet with the Mt. Bethel School on Sunday morning at 10 o'clock. An address will be delivered by H. J. Watkins, and an essay read by Eugene Milford.

Several gentlemen are talking very strongly of organizing a stock company for the purpose of building a commodious hotel in this city. A good idea, if there is anything that Anderson needs badly, it is a comfortable hotel building. If some prominent man would take the matter in hand, we believe he could soon organize a company with sufficient capital to erect a suitable building. Let us wake up from our lethargy and display a little more enterprise and progressive-ness. Such things build up a place. Anderson is growing rapidly, the Savannah Valley Railroad will be completed in another year, and to meet the demands of the increasing travel, we must and will have a big hotel. Who will take the lead in this enterprise? This Fall would be the most favorable time for organizing the company.

A Train Wrecked.

The passenger train was wrecked at a point about five miles below this city, near Broadway trestle, last Friday night. It was the day set apart for the grand Summer excursion from the low-country to the mountains, and there were between two and three hundred passengers aboard. On account of the heavy load the train had gotten an hour or two behind time. The engine was in the lead, and the train between Hilton and Broadway trestle is of the old flange iron laid upon stringers. Engineer Carter was in charge of the train, which was composed of six cars, and, knowing that he was off of the schedule, moved along very cautiously over this portion of the Road, running, he thinks, at the rate of about fifteen miles an hour. He felt his engine strike what he believed to be a "snake-head," a tree stump, and the engine and all cars passed over safely, but when the smoking car struck it the crash came, and in a twinkling of an eye the smoking car together with the four passenger cars were wrecked. The South side of the track for the whole length of the wrecked cars was torn almost completely away. One pair of trucks of each car, at one or the other end, were displaced and that threw the train to the ground. The cars were thrown almost across the track, in a zigzag shape, though remaining intact and not turning over. The passengers were considerably shaken up, but, strange to say, not a single one was hurt.

As soon as Conductor Smith found that no one was injured, he dispatched the engine and mail car to this city, where he obtained four box cars and returned to the wreck.

The news soon spread over the city, and quite a crowd gathered at the depot, all eager to learn the particulars of the wreck, as several of our citizens were among the friends on the train.

We returned with the train to the scene. Arriving there we found the passengers setting around camp fires, patiently waiting, and doubtless feeling thankful that they had made such a narrow escape. Their conduct was, however, indicative of their uneasiness, as they were not venturing upon another excursion. As we viewed the wreck we were more than puzzled that no one was injured. Indeed, it seemed as if Providence had taken special care of them. It was simply remarkable that no one was hurt. We doubt if the like has ever occurred before.

The passengers and baggage were soon transferred, and the engine on its way again, arriving here between 12 and 1 o'clock.

Conductor Smith, who, by the way, is one of the best officers in the employ of the Company, was cool and self-possessed, and was untiring in his efforts to make the passengers comfortable.

The construction train was ordered to the scene immediately that night, and by

dark Saturday afternoon the wreck had been sufficiently cleared to allow the regular train to pass.

It is said by those who know that this is the third accident which has occurred near this same place within the past several years. To go there and look at that old flange iron one would be surprised that there are not more trains wrecked. The Company should take all this old flange iron up and replace it with more modern rails as soon as possible.

The City Council.

The new City Council was sworn in last Friday and immediately took the reins of the city government in hand. The old Council left the treasury empty. With this fact in view, the new Council determined, in order to keep out of debt as much as possible, to cut down expenses. Accordingly, the first step in this direction was a reduction of the salaries of the various officers in their employ, amounting in the aggregate to \$550.00 a year. The following officers were then elected:

Clerk and Treasurer—W. S. Brown. Chief of Police—Joseph R. Fant. 1st Assistant Policeman—R. F. McKinney.

2nd Assistant Policeman and Engineer of Fire Department—C. C. Cummings. 3rd Assistant Policeman and Street Overseer—P. A. Spellman.

These gentlemen, upon the employ of the old Council, and their retention by the new Council shows that they are efficient, reliable and trustworthy officers.

Mayor Tolly then announced the following standing committees:

On Streets—J. M. Payne, J. L. Farmer and F. M. Murphy.

Ways and Means—B. F. Mauldin, J. S. Fowler and J. L. Farmer.

Health—Foster Fant, B. F. Mauldin and F. M. Murphy.

Fire Department—J. S. Fowler, Foster Fant and J. M. Payne.

The new Council will necessarily be restricted in their public work until after the next taxes have been collected, but no public enterprise in which the city is interested will be permitted to lag.

To the Voters of Anderson County.

We have read with regret the card of Col. J. N. Brown, in which he says he is no longer a candidate for a seat in our State Legislature.

In our judgment, the people could send no man in this County to the Legislature who could do more good for the whole people than Col. Brown. We consider him an honest and able christian gentleman, and one who understands the condition and needs of our County and State, and one who has the ability to represent his fellow-citizens well in every particular. He can do as much, or more, to correct the evils now existing in our laws, and to help make better and more wholesome ones to meet the wants of the people, as any man that can be elected.

We are all vitally interested in having men elected to the next Legislature who are good financiers, so as to be able to make the best arrangements about the future settlement of our State debt, without greatly increasing our already heavy taxes. Also men who will guard against excessive appropriations for the State House, Canals and other things which will come before them.

We know of no man in the County who could and would meet these demands, and fight for low taxes with greater ability and foresight than Col. J. N. Brown.

If you want low taxes send some men to the Legislature who are large tax payers themselves, for it is human nature for them to advocate and fight for low taxes with more vigor than the men who pay little or none. For these, and many other reasons, it is to be hoped, and the voters of Anderson County are earnestly solicited, to support and elect Col. Brown, notwithstanding his withdrawal. We feel satisfied that if he is called by the people, he will ably serve them.

Let it be said, in fact, that this time the office has sought the man and not the man the office.

MANY MEMBERS OF BELTON CLUB.

To the Public.

Having heard that Mr. J. R. Fant was the author of the charges alluded to in my card published in last week's INTELLIGENCER, I am now satisfied from statements made to me by Mr. Fant that he did not originate or circulate them, and it affords me pleasure to thus publicly exonerate him from all blame.

JAMES H. MCCONNELL.

A Card.

On Tuesday last at 9 o'clock p. m. I was served by W. S. McDaniel with a subpoena writ to appear forthwith before the United States Court, now in session at Greenville, S. C., to testify in a certain case. The subpoena was in the name of the Court against parties from Brushy Creek township, and to bring with me certain records of the case. I was not present at the trial, and I must go, but I am deeply sorry that I cannot be present, and I am sure that my friends who have so generously supported me in the past will not let my interests in the present election suffer during my unavoidable absence.

ANOTHER RESCUE FROM DEATH.—In 1881 while sewing on a machine, my wife was taken with a severe pain in her side, which was soon followed by hemorrhages from her lungs, severe cough, fever, and she could neither eat or sleep, and in a few weeks she was reduced to a living skeleton. Her stomach refused to retain any food, and the physician thought one of her lungs was entirely gone. At a final consultation of two physicians her case was pronounced hopeless. I tried Brewer's Lung Restorer by advice of one of the physicians, and she began to improve after the third dose. She continued the medicine, and is now in excellent health, and is better than she has been in several years. I believe Brewer's Lung Restorer saved her life.
